#### New this year!:

- We will break into groups - beginners, intermediate, advanced - as necessary
- There will not be any lessons or formal instruction this year on our Tuesday skis. Please always feel free to ask Ashley technique questions at any time – happy to help. If there is enough demand/interest, a technique session for classic or skate skiing can be organized.
- Organizers will not be cancelling ski nights; instead, it is up to each person to assess for themselves as to whether, or not, they choose to participate based on the weather/conditions on any given night. The Facebook page can be used by everyone to post alternative events or to connect with other people. We may post a recommendation to go out or not, but it is ultimately your decision!
- To help keep us warm on those cold nights, we are planning to order [Sauce Buffs](#) and flasks! More details to come!
- We may organize a volunteer/fundraiser event. It would be nice to give back to the trails and trail volunteers who keep us skiing all winter long!
- As SnowPeeps continues to grow, we may consider a participation waiver/liability/membership form. PLEASE NOTE: This is group of skiers getting together and meeting to ski. We are simply facilitators. We do not assume responsibility or liability for any events.
